

Take a journey to the past, present and future of space exploration!

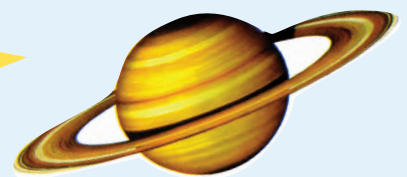

From the discoveries of ancient astronomers to the future of space travel, the history of space science is brought to life through scenic displays and hands-on, interactive exhibits at the **MONMOUTH MUSEUM**

Visitors to **BLAST OFF!** will begin their tour with a walk through the **Hallway of Ancient Astronomy**. See Galileo's laboratory and hear him speak about his many revolutionary discoveries.

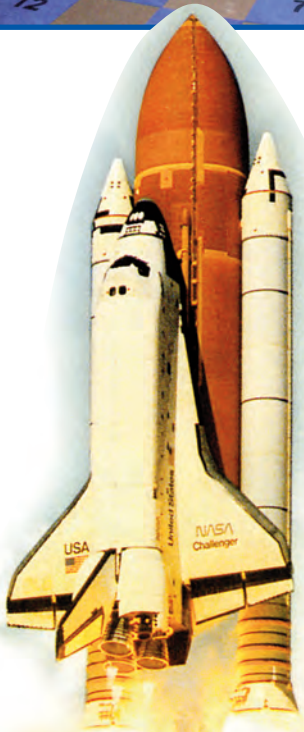

ENHANCED AND UPDATED EXHIBITION!
Now through July 31, 2010

Prepare for a rocket launch and countdown to **BLAST OFF!** in the Mission Control Room

Learn about **NASA** and how astronauts prepare for space travel. Experience a **rocket launch**, and travel to the **Moon's surface!**

Explore the surface of the Moon!

Travel through the Lunar Rover

**HANDS-ON
ACTIVITY CENTER**

BLAST OFF! is the perfect space journey for stargazing elementary school students and anyone interested in Outer Space.

School tour reservations accepted now.

Please call Marion Kanaga at **732-747-2266** for reservations and information, or e-mail at: mkanaga@monmouthmuseum.org
