

THE CHILDREN'S WINGS

provide creative and educational spaces.

THE WONDER WING is an ocean-themed area designed for children 6-years old and younger. It features a ship, lighthouse, whale slide, and other interactive displays where little ones can discover marine creatures, habitats, and ecosystems through engaging exhibits and hands-on activities.

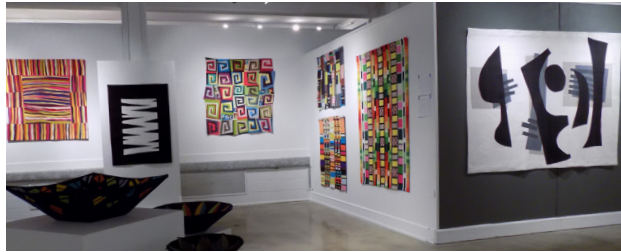

THE BECKER STEAM WING fosters curiosity and sparks visitors' imaginations. From dinosaurs to astronauts, this space was designed to encourage children to explore careers in STEAM disciplines.

THE MONMOUTH MUSEUM

has two galleries with rotating exhibits.

THE MAIN GALLERY is a 2,500sf space that hosts multiple exhibitions each year and features an annual juried exhibit, now in its 44th year.

THE NILSON GALLERY is a 900sf space that features local artists and our NJ Emerging Artist Series, as well as an annual members show.
